

IT'S TOO BAD
A heart-rending to see a beautiful home destroyed by fire. Pecuniary loss, however, can be avoided if you are insured for a sufficient amount.
Your home and your property is no more secure from accidental fires than that beautiful residence that departed in smoke the other day. The safe thing for you to-day is to cover every bit of inflammable property you have with an insurance policy. This will enable you to replace whatever the fire may snatch from your grasp. If you will step into our office before the fire overtakes you, we can fix up this little matter to your satisfaction, but don't wait 'til after the fire.

of paint are the railroads—they use Devco and zinc—and they never use paint without knowing what it is made of.

Off For California.

On last Saturday afternoon Mrs. Narcissa Thompson and her daughter, Miss Dora, who had been in Tazewell since early summer visiting friends and relatives, started on their return to their home at Watsonville, California. They were accompanied by Mrs. T. A. Peery and Miss Geo. Thompson, daughter of Mr. W. T. Thompson, of Thompson Valley. Before starting Mrs. Thompson requested us to say to all their friends in Tazewell county and town that their visit had been a delightful one; and that the unbounded hospitality that had been extended them while here would always be remembered and appreciated.

The old friends of Mrs. Thompson, who had not seen her for nearly thirty years, until she arrived in Tazewell, the past summer, as well as the new friends she made while here, regretted deeply to see her leave, and hope that she may again visit this part of the world in the near coming years.

Oldest firm Here.

The oldest firm in paint manufacture in the United States, F. W. Devco & Co., is represented here by J. E. JACKSON.

Also the largest and best—its paint, which last twice as long as a first-rate paint and job oil, is used by railroad companies generally. Devco lead and zinc is the name and description of it.

Capt. and Mrs. J. R. Ward on last Thursday entertained a number of their friends at one of the most elegant dinners it has ever been our pleasure to attend. Among the guests present were: Mr. and Mrs. L. E. Chapman, Mrs. H. C. Alderson, Mrs. Geo. W. St. Clair, Mrs. J. B. Boyer and Mr. and Mrs. Wm. C. Pendleton.

There will be preaching at the Baptist Church Sunday morning and evening by the pastor Rev. Willis L. Ways. Morning theme: How we should treat the stranger. Evening theme: Seven abominations unto the Lord. Everybody is cordially invited to attend these services. Strangers are always welcome.

Messrs. Chapman & Gillespie have returned from Welch, W. Va., where they made and argued a motion for a new trial for A. J. Manns, who was convicted last week of murder in the first degree. The motion for a new trial was overruled. Manns was sentenced to hang on the 6th of February, 1900. His case will be appealed.

A friend in need is a friend indeed. That is exactly what Chamberlain's Cough Remedy is. It is the mother's help when she is suddenly awakened in the night by the ominous husky cough, and labored breathing of her babe. It is the safe resort of the youth or adult who has "caught cold" and there is coughing and irritation of the mucous membrane of the throat. It allays the irritation and cures the cold. Judge S. C. Graham left for Richmond on Tuesday afternoon to argue for the appellant the case of Sanders vs. Bluefield Water Works Company, now pending in the United States Circuit Court of Appeals, at Richmond. This case is an important and novel one, involving the riparian rights of the appellant and the main water supply of the city of Bluefield. The case will be argued and submitted during the present week.

Rev. W. E. Bailey, who was on the Liberty Hill circuit last year, was by appointment at the recent Conference at Bluefield, since conference there has been another change. Rev. Bailey was sent to Rural Retreat circuit and Rev. E. C. Moore remained on the Saltville circuit. The Rural Retreat appointment is a good one, and the churches in that circuit will find Rev. Bailey a good pastor and preacher.

There is a constant and increasing demand for poultry and eggs. The farmers of Tazewell county should give more attention to raising fowls. They depend too much on the raising of live stock. A vast amount of money could be brought into the county and kept here by an increased production of things that are considered too small to be given special attention. We hope the wives and daughters of Tazewell farmers will pay more attention to the poultry business.

PEOPLE WHO EAT SAUSAGE

And are particular about the seasoning used, can find here a fresh stock of pure ground sage; not a general mixture of "stuff" often sold for sage, but it is real sage, nothing more. Besides the sage we have fresh pepper—grain and ground. And the Saltpeter, don't forget that; you can't fix up the meats nicely without it.

This afternoon the habeas corpus proceeding of Mrs. Kate Campbell vs. W. St. Ruff will be heard by Judge J. H. Stuart, in vacation. This is a proceeding by Mrs. Campbell, who lives at Chatham Hill, in Smyth county, to recover possession of her two little girls that are now in the possession of Rev. W. W. Ruff. The children were placed in his hands several years ago by their guardian.

It will not be a surprise to any who are at all familiar with the good qualities of Chamberlain's Cough Remedy, to know that people everywhere take pleasure in relating their experience in the use of that splendid medicine and in telling of the benefit they have received from it, of bad colds it has cured, of the threatened attacks of pneumonia it has averted and of the children it has saved from attacks of croup and whooping cough. It is a grand, good medicine. For sale by JOHN E. JACKSON.

From statements made to us, by gentlemen who are acquainted with the facts, we are inclined to believe that the verdict of murder in the first degree returned against Manns for the killing of Dr. Harris, in the criminal court at Welch, W. Va., last week was a harsh one. There were extenuating circumstances, at least, which ought to have reduced the offense to manslaughter. If this be correct, a writ of error, no doubt, will be obtained and a new trial granted by the appellate court.

News was received at this place on Tuesday morning of the suicide of Mr. James Rhudy, a worthy citizen of Burke's Garden. On that morning he was hanging to the staircase in his dwelling. It is supposed that he hanged himself some time during the night preceding. He was alone in the house, his wife and children being on a visit to the father of Mrs. Rhudy, Mr. James Cornett, in Grayson county. The deceased was about 45 or 50 years old, and was a prosperous farmer. It seems that suicidal mania has prevailed with other members of his family.

Recently one of our Democratic friends in town was questioning his bright little girl to ascertain her knowledge of geography and history. He asked her, "What is the capital of Virginia?" She replied promptly, "Richmond." Then he asked her, "What is the capital of the United States?" Another prompt answer came, "Washington." This was followed by the question, "Who won our liberties?" That was startlingly answered, "McKinley." The child had evidently been associating George Washington and William McKinley together, as the two greatest Presidents and patriots of the country.
